You Can Not Make a Silk Purse Out of a Sow's Ear

Why is it that the average auto tire canvasser is always claiming his tire is as good as the QUAKER or better? Why does he use the Quaker as a standard of quality to make his comparisons by? He exhibits an old sample of a QUAKER tire that has probably been subjected for a year or so to house heat and compares his fresh sample, but even then the QUAKER proves its superiority. Don't be fooled. You cannot buy twenty dollar gold pieces for fifteen dollars. Remember the measure of tire cost is MILES not DOLLARS. QUAKER TIRES ARE MILES CHEAPER.

TRAIN ROBBER TAKEN OVER THE GROUND NEAR ROY

At about 7 o'clock this morning, Special Agent Joseph Jones, of the Oregon Short Line company, and Postoffice Inspector M. M. Warren arrived in Ogden from Laramie, Wyo., having in custody Walter Dalley, possibly Walter Bailey, who recently confessed to the robbery of an Oregon Short Line train at Roy, March 25.

The object of the trip is to take Dalley to the scene of the robbery and have him explain the manner in which the hold-up was perpetrated, and, also, to locate the overalls worn by the highwayman and the wrappings of the registered packages that were taken from the mail car, which he states were cached near by.

In his confession, Dalley told the officers that he was only an accomplice in the robbery, associated with Charles Sturges, an athletic trainer of Boston, and Harry Young, a pugilist of note, in the west. He said that he stood guard some distance from the rear of the train while Sturges and Young robbed the mail car. He went so far as to say that the passengers were robbed.

The officers have been puzzled by Dalley's story, but have placed enough faith in it to take the man over the ground for details. After an investigation of the Roy district, Dalley will be taken to Salt Lake for further investigation.

From Ogden, the party was accompanied to Roy by Sheriff T. A. DeVine and Chief Deputy Sheriff J. L. Hobson.

Deputy Sheriff Hobson telephoned from Roy soon after the investigation had begun that Dalley appeared to be familiar with the Roy district and the officers had the opinion that he had told the truth in his confession.

After more than five hours' rigid questioning at Laramie yesterday, Dalley was unable to give new details of the robbery, and his first story could not be shaken. He consented to return to Utah without a requisition.

Inspector Christensen and Officer Jones say they believe that Sturges was the man who robbed the Union Pacific train at Rock Springs in February, the Short Line at Roy and the Overland Limited observation car on the Union Pacific train near Cheyenne, April 4, it is said.

When Dalley left Denver prior to coming to Laramie he wore only a cheap pair of trousers and no shirt. He declared that he was willing to surrender in order to be comfortable, and was furnished with sufficient clothing at Laramie for the trip to Ogden.

General Superintendent Jeffers of the Union Pacific Railroad company yesterday posted notices citing that hereafter the Union Pacific trains would carry armed guards and warning passengers not to board trains while they were in motion for fear that they might be mistaken for robbers.

If the identity of Dalley is established as one of the robbers, the police at Laramie will claim the reward for the capture, amounting to \$2000.

WIFE SEEKS HER MAIDEN NAME

In the district court, Grace M. Doney has commenced suit for divorce against Lee S. Doney on the grounds of failure to provide.

She seeks her maiden name, Grace Arnold, costs of court, attorney fees and alimony. The plaintiff asks that the Southern Pacific company be enjoined from paying the defendant his wages, pending settlement of the divorce proceedings.

In the district court this afternoon, Myrtle Drysdale commenced divorce proceedings against John D. Drysdale, on the grounds of desertion, failing to provide. FRANK PHILBROOK TO BE TRIED FOR MURDER

The murder trial of Frank Philbrook will be called in Judge Nathan J. Harris' division of the district court tomorrow morning at 10 o'clock, when the empaneling of twelve jurors will begin.

Attorney Soren X. Christiansen of Salt Lake, attorney for Philbrook, was in Ogden part of today consulting his client and making preliminary arrangements for the opening of the trial tomorrow.

Philbrook is charged with the murder of Patrick Quigley, January 15, 1916, the information averring that the murder was committed through the administration of drugs, or in some way unknown to the district attorney.

The story told at the preliminary hearing was that on the night of January 17, Philbrook, in company with Quigley, James O'Brien, Richard Powers and others entered into a sort of social function at the rooming house kept by Mrs. Fanny Dawson, on Twenty-fifth street, between Washington and Hudson avenues, at which considerable beer was drunk. Quigley was taken to his room, where, soon after midnight, he died. O'Brien said that he aided Philbrook in carrying Quigley's lifeless body down a flight of back stairs and left the corpse at the rear of the Senate Cafe building.

The theory of the prosecution is that Philbrook administered "knock-out" drops to Quigley in his beer.

HE SOLICITED MONEY FROM MAYOR AND THE CHIEF

More than a dozen men charged with drunkenness were tried in the municipal court this morning, the majority being given suspended sentences. Clarence Stewart, William Chaplin, Jack Chaplin and Frank Mitchell, in whose cases there were no extenuating circumstances, were each sentenced to serve five days in jail or to pay a \$5 fine. Fannie Wilbur, an old offender, drew a five-day jail sentence for drunkenness.

In the case of the City vs. Cornelius Sullivan, the court exercised leniency. Sullivan had the temerity Saturday night, while intoxicated, according to the arresting officer, to solicit sins from Mayor C. Heywood and Chief of Police T. E. Browning, and, when made aware of the fact, said he was "not particular" who he asked for money. It was Sullivan's first offense, however, and as the liquor had been the means of putting him at fault, he was given a suspended sentence.

Peter Morgan pleaded guilty to vagrancy and was sentenced to serve five days in jail. A. Roberts and G. George, arrested Saturday night for drunkenness forfeited \$5 bail each. Leo Sam, a Chinaman, forfeited \$10 bail. He was taken into custody on a charge of carrying concealed weapons.

BOY IS SAVED FROM PRISON BY HIS FATHER

William J. Ferguson, an Idaho youth, narrowly escaped trial today on a charge of forgery, preferred against him by County Attorney Joseph E. Evans. Responding to a plea made by his father, William T. Ferguson, the prosecutor changed the charge to that of uttering and passing a worthless check. The defendant pleaded guilty to the misdemeanor and, on motion of the county attorney, was given the alternative of paying a \$25 fine or serving twenty-five days in jail.

Young Ferguson, according to the evidence in the case, forged the name of his father to a check drawn on J. N. Ireland & Co. of Malad, for \$15. The father made good the amount and, as the boy previously had a clean record, asked leniency from the prosecuting attorney and municipal judge. With the sentence, Judge Barker gave the defendant a sound lecture, making plain to him the narrow escape he had from being sent to the state penitentiary.

Louis Rossi, alias Antonio Constantino, was arraigned on the charge of robbery. He waived his preliminary hearing and was bound over to the district court for trial, bail being set in the sum of \$500. Rossi is alleged to have robbed Joseph Turner of \$8, on October 28, 1915.

SENATE DEBATING FREE SUGAR BILL

Repeal of Clause to Be Promptly Voted on—Government Revenue Will Avoid Loss of \$42,000,000.

Washington, April 10.—The house bill repealing the free sugar clause of the Underwood tariff law was taken up for debate in the senate today under an agreement to vote on the measure, as amended by the finance committee, tomorrow. The free sugar clause would go into effect May 1 with a consequent loss in governmental revenues of approximately \$42,000,000 unless it is repealed in the meantime.

Chairman Simpson of the finance committee opened debate for the repeal. He declared that it was calculated to be a temporary measure necessary by the falling off of custom dues as a result of the war in Europe and eventually, he thought, conditions would warrant a return to a free sugar policy.

CENSOR OPENS EMBASSY MAIL

Berlin, April 10.—By wireless to Sayville.—The British censorship has now been extended to the mail of the American embassy in Berlin. A letter addressed to a member of the embassy staff has been received marked: "Opened by censor."

A large part of the incoming American mail is opened in this way and some of it is subject to great delay. A letter from the United States to the Associated Press office, dated January 7, arrived today.

Members of the staff of the American embassy are suffering inconvenience owing to confiscation of checks in mail. One of the secretaries has been asked to make good the amount of an American check taken by the French authorities from a letter.

DOCTOR WAITE IS ARRAIGNED

New York, April 10.—Dr. Arthur Warren Waite, who has confessed to poisoning his father-in-law, John E. Peck, millionaire drug manufacturer of Grand Rapids, Mich., entered through his counsel today a plea of

not guilty when arraigned on the indictment charging him with murder in the first degree. His counsel, however, reserved the right to change the plea within ten days.

District Attorney Swann consented to this arrangement and Dr. Waite was committed to the Tombs without bail to await trial. No date was set for the trial.

The arraignment required only two minutes and Dr. Waite spoke no word, but stood, pale and quiet, gazing at the floor. It was apparent that he had not fully recovered from his recent illness, caused by the drugs he took on the day before his arrest.
